Petition for Extension of Time

Applicant hereby requests under the provisions of 37 CFR 1.136(a) an extension of three months to the period for response to the Notice to File Missing Parts dated 01/02/2004 which was set to expire on 03/02/2004. This request will extend the expiration of the period for filing missing parts to 06/02/2004. The \$950 fee for 3 month extension is paid on the enclosed Fee Transmittal for FY 2004.

Response to Notice to File Missing Parts

Responsive to the Notice to file missing parts, i.e. filing fee, oath or declaration and CRF, enclosed are a copy of the Notice, an inventor's declaration, a Fee Transmittal and substitute sequence listing.

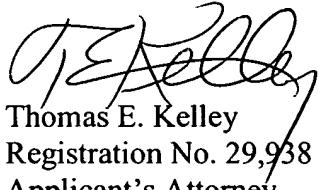

Applicatn filed with this application a paper copy of the sequence listing from priority application Serial No. 60/463,787 with a request to transfer the CRF from tht that application. In the Notice to file missing parts the Office indicated that the original request to transfer the CRF from another application could not be complied with since there is no compliant CRF present at the Office. Provided herewith on CD-ROM is a CRF of the sequence listing from Serial No. 60/463,787 modified only in field <110> with the first named applicant of this application, in field <120> with the title of this application, in field <130> with the docket number of this application and by name and date of the file. For the convenience of the Office also enclosed on CD-ROM are copies 1 and 2 of the sequence listing with such changed fields. Applicant hereby requests that

the Office replace the originally-filed paper copy of the sequence listing with the sequence listing provided on the enclosed CD-ROMs.

Statement about content of Sequence Listing

In accordance with 37 CFR 1.821(e), 1.821(f), 1.821(g) 1.825(b) and 1.825(d) applicant hereby certifies that, except for the above-noted changes to identifying data in fields <110., <120> and <130> and in the name and date of the file, the contents of the sequence listing , i.e. the substitute data, recorded on the enclosed CD-ROMs labeled copy 1, copy 2 and CRF is identical to the sequence listing data that was originally filed on paper in this application on October 2, 2003 and in paper and CRF in prior application Serial No. 60/463,787, filed April 18, 2003 and that the substitute copies of sequence listing submitted herewith includes no new matter.

Respectfully submitted,
